

Ravish Bisht

Full Stack Developer — MERN Stack — React.js, Node.js, Next.js — REST APIs

+91-7060390453 | cykoravish@gmail.com | [Github](#) | [Instagram](#)

PROFESSIONAL SUMMARY

Full Stack Developer with 1+ year of experience building and deploying MERN and Next.js web applications. Skilled in React.js, Node.js, Express.js, and RESTful API development with authentication, role-based access control, and CI/CD pipelines. Experienced in MongoDB and PostgreSQL database design and production deployments using Nginx, VPS, and cloud platforms.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Framer Motion, shadcn/ui

Backend: Node.js, Express.js, RESTful APIs, WebSockets, MVC Architecture

Databases & ORM: MongoDB, PostgreSQL, Prisma

Authentication & Security: JWT, OAuth, Auth.js (NextAuth), Clerk, Role-Based Access Control

DevOps & Cloud: Linux, VPS, Nginx, Docker (basic), CI/CD, Vercel, Netlify

Caching & Messaging: Redis

Tools & Practices: Git, GitHub, Postman, API Testing, Error Handling, Logging

EXPERIENCE

Full Stack Web Developer

Dec 2024 – Present

Novanectar Services Pvt. Ltd.

India

- Developing and maintaining full-stack web applications using React.js, Next.js, Node.js, and Express.js.
- Building RESTful APIs and backend services with proper authentication and authorization flows.
- Working with MongoDB and PostgreSQL for scalable data storage and efficient querying.
- Deploying and managing applications on VPS using Nginx, as well as cloud platforms like Vercel and Netlify.
- Collaborating with team members to deliver production-ready features and improve application performance.

Web Developer Intern

May 2024 – July 2024

Kirabiz Technologies

Remote

- Architected backend systems using Node.js, Express.js, and MongoDB with robust error-handling mechanisms.
- Implemented real-time collaboration features using WebSockets to improve remote team efficiency.
- Contributed to full-stack development tasks and supported feature implementation across the application.

PROJECTS

NNHire – Job Portal Platform

2024

MERN Stack

- Built a production-ready job portal enabling recruiters and candidates to manage jobs, applications, and profiles.
- Developed REST APIs, authentication flows, and scalable MongoDB schemas.
- Live: [nnhire.com](#)

Web Development Practice Platform (LMS – In Progress)

2025

Next.js, JavaScript, Node.js

- Developing a hands-on learning platform for practicing JavaScript through quizzes and interactive challenges.
- Planning real-time quiz competitions and user progress tracking.

EDUCATION

Indira Gandhi National Open University

Dehradun, Uttarakhand, India

Bachelor of Arts

2020 – 2023

Certification in Information Technology

Computer Science & Programming Fundamentals

2023 – 2024

EXTRA-CURRICULAR AND ACHIEVEMENTS

Regularly share educational content related to JavaScript, web development, and practical coding concepts on Instagram.
